Medical Center
College of Medicine
William H. Quasha Memorial

Learning Management System Integration

Integrated with St. Luke's Electronic Platform for ubiquitous Pedagogy (StEP uP), the official Learning Management System of St. Luke's Medical Center - College of Medicine.

All related transactions and communication can be handled under a single, uniformed account.

Virtual Classrooms

Conduct virtual lectures using conferencing tools powered by Zoom through StEP uP.

Create surveys, documents, and presentation slides.

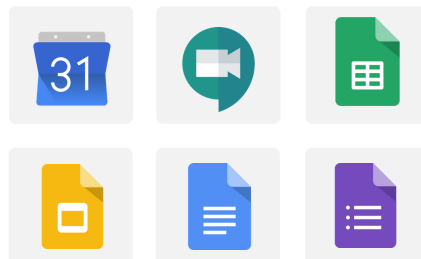

Organization & Cloud Search

Cloud Search is integrated across all application tools for easy search and access to files, documents, emails, and accounts.

Productivity & Team Collaboration

Have access to Google Suite features, such as Shared Drives, Shared Calendars, Chats, Google Meet, as well as access to multiple applications like Google Docs, Google Slides, Google Sheets and Google Forms.

Store data safely in the cloud for all team members to access. Create custom file sharing and viewing access.

Unlimited Storage

The cloud-based platform comes with unlimited storage for your photos, files, documents, and emails. This serves as a storage solution for all files, which can be saved and accessed online.

Professional Email

A recognised SLMC-CM email account for professional endeavors.

Provides users with a lifetime access to emails and files; available even after graduation if converted to alumni account.

Management & Security

To ensure security, do not divulge your password at any given point, allow account recovery options, turn on 2-step verification, and use unique, strong passwords.

Account Recovery

If you lose access to your account or you're opting to change security information, you may contact our IT Department: it@slmc-cm.edu.ph to safely recover your account or update password information.
